Give your windows the treatment they deserve.®

Window treatments accentuate your interior style. Functionality, durability and beauty are all critical factors in selecting the right treatment. At Sunburst Shutters & Window Fashions, our design professionals help you select a treatment to best suit your needs for color, style, privacy, noise reduction, temperature, light control and more. The Sunburst team will ensure a custom fit every time. With a commitment to superior quality and durability, your new window treatments are sure to be awe-inspiring while adding tremendous value to your home. So give your windows the treatment they deserve with Sunburst Shutters & Window Fashions.

Polywood® Shutters are far superior to every other window treatment and are the nation's most innovative interior shutters.

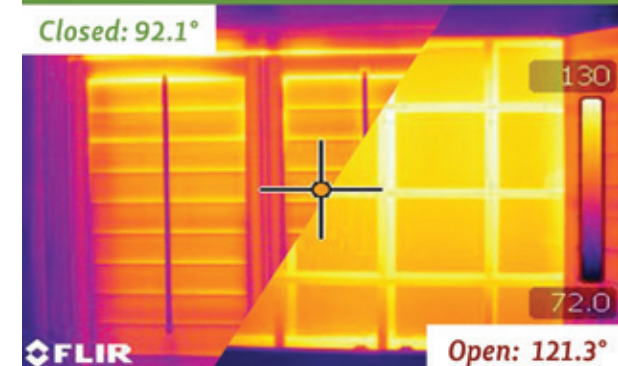

It starts with the design—functional, fashionable, and adaptable to any interior style.

It includes a technology exclusive to Sunburst Shutters. Polywood is engineered to be a long-lasting and energy-efficient window insulating system. It is fabricated from a durable wood alternative and built with patented weather stripping.

Independent tests prove Polywood can block up to 30 degrees of temperature coming through your windows, has an R Value over 6.0, and has a 45.96% reduction in heat transfer. What you'll love most about your Polywood Shutters is their unsurpassed beauty that will last a lifetime. Guaranteed.

Polywood Thermal Testing: Up to 30° cooler with Polywood shutters in place!

Choices

Polywood Shutters come with a variety of options so you can personalize them to your design style. You can select colors, louver sizes, frames and louver control. Polywood is also available for any type of window—even sliding glass doors and French Doors—in any custom shape, including arches, sunbursts, eyebrows, circles, octagons, ovals and more.

SunShades

When you're looking for a softer treatment, Sunburst's SunShades® line has hundreds of choices. From the simplicity of blinds to the sophistication of cellular shades to the ease of motorized roller shades or the uniqueness of sheer and transitional shades: Sunburst has it all.

Choices

SunShades come in numerous colors, styles, materials, control options, and finishes. Customize the look to fit your needs.

- Pick colors and patterns to complement your style.
- Select opacities from sheer to opaque.
- Choose your control: cordless, corded, or motorized.
- Select top down/bottom up for added versatility.
- Pick trim, bottom rails, and other features to customize your shades.

We don't just do it right... We do it better.®

Sunburst Shutters & Window Fashions is a classic American entrepreneurial story. The company started in a garage with the philosophy that we could make better products and provide better customer service than any other company.

That goal helped us grow into one of the largest shutter companies in the world. Now, more than 45 years later, you'll find that same commitment among everyone who works for us. From our U.S.-based factory, throughout all of our stores, we've developed a reputation for top quality products, installation, service, and warranty. We welcome the opportunity to serve you.
